## APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application,  
 and do hereby grant the same, subject to the following limitations and  
 conditions: This permit is issued subject to all existing rights on the  
 source and is limited to what the well will produce but not to  
 exceed 0.50 c.f.s. It is understood that the amount of water herein  
 granted is only a temporary allowance and that the final water right ob-  
 tained under this permit will be dependent upon the amount of water  
 actually placed to beneficial use. It is also understood that this right  
 must allow for a reasonable lowering of the static water level at permittees  
 well due to other ground water development in the area. A substantial weir  
 or other type of measuring device must be installed and measurements of  
 water use kept, and a method provided, either air line or opening, for  
 measuring depth to water. The State retains the right to regulate the use  
 of the water herein granted at any and all times.  
 The amount of water to be appropriated shall be limited to the amount  
 which can be applied to beneficial use, and not to exceed 0.50  
 cubic feet per second.

Actual construction work shall begin on or before June 13, 1955

Proof of commencement of work shall be filed before July 13, 1955

Work must be prosecuted with reasonable diligence and be completed on or  
 before June 13, 1956

Proof of completion of work shall be filed before July 13, 1956

Application of water to beneficial use shall be made on or before

June 13, 1957. Proof of the application of water to beneficial

use must be filed with State Engineer on or before July 13, 1957
